Meeting

Monday 15 October 2018

CONCESSIONAL LICENSING (Code 404)

REPORT

- **Condition 001 “Licence to be carried in vehicle at all times”**
The Department of Transport (Transport) has now removed this condition from the records of vehicles licensed under concession code 404. Should you notice the condition on your next renewal notice, please let us know and I will inform Transport.
- **Condition 005 “Sign CAUTION LEFT HAND DRIVE to be affixed to the rear of the vehicle in letters not less than 76mm high”**
Following an enquiry from a club member with this condition still appearing on his concessionally licensed vehicle registration document and his unsuccessful attempts to have it removed, the matter was referred to Transport through the established liaison channels. The department has now agreed to run a program to delete the condition from the records of all vehicles licensed under concession code 404. This should be achieved within the next week.

Maurice Davin

Concessional Licensing (Code 404) Delegate

Council of Motoring Clubs
